PROXY STATEMENT

This Proxy Statement is furnished to the Shareholders of Charles & Colvard, Ltd. (the "Company") in connection with the solicitation of proxies, by the Board of Directors of the Company, for use at the 2004 Annual Meeting of the Shareholders of the Company (the "Annual Meeting") to be held at the Sheraton Imperial Hotel, 4700 Emperor Boulevard, Durham, North Carolina, on Tuesday, May 11, 2004 at 10:00 A.M., Eastern Daylight Savings Time, and all adjournments thereof. This Proxy Statement and the accompanying proxy card are being mailed on or about April 2, 2004.

Voting Securities

The Company's common stock, no par value per share (the "Common Stock"), is the only outstanding voting security of the Company. The Board of Directors has fixed the close of business on March 22, 2004 as the record date (the "Record Date") for the determination of shareholders entitled to vote at the Annual Meeting. Accordingly, each holder of record of Common Stock as of the Record Date is entitled to one vote for each share of Common Stock held. As of February 27, 2004, there were 13,214,281 shares of Common Stock outstanding.

Voting Procedures

The holders of a majority of the shares of Common Stock entitled to vote at the Annual Meeting, present in person or represented by proxy, constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is present at the beginning of the Annual Meeting, the shareholders may continue to transact business until adjournment, notwithstanding the withdrawal of enough shareholders to leave less than a quorum. Abstentions, shares that are withheld as to voting with respect to one or more of the director nominees and shares held by a broker, as nominee, that are voted at the discretion of the broker on any matter will be considered to be present for purposes of determining whether a quorum exists.

Under North Carolina law, directors are elected by a plurality of the votes cast by the shares of Common Stock present in person or by proxy and entitled to vote in the election of directors. Shares that are withheld as to voting with respect to a director nominee and shares held of record by a broker, as nominee, that are not voted will not be counted for purposes of electing directors. Under the Company's Bylaws, the proposal to ratify the appointment of independent auditors for the year ending December 31, 2004 will be approved if the number of shares voted in favor of the proposal exceeds the number of shares voted against the proposal. Abstentions and shares held of record by a broker, as nominee, that are not voted on such proposal will not affect the outcome of such proposal.

Voting of Proxies

The shares represented by the accompanying proxy card and entitled to vote will be voted if the proxy card is properly signed and received by the Secretary of the Company prior to the Annual Meeting. Where a choice is specified on any proxy card as to the vote on any matter to come before the Annual Meeting, the proxy will be voted in accordance with such specification. Where no choice is specified, the proxy will be voted for the election of the persons nominated to serve as the directors of the Company and named in this Proxy Statement, for the proposal to ratify the appointment of Deloitte & Touche LLP as independent auditors for the year ending December 31, 2004 and in such manner as the persons named on the enclosed proxy card in their discretion determine upon such other business as may properly come before the Annual Meeting or any adjournment thereof. Any shareholder giving a proxy has the right to revoke it at any time before it is voted by giving written notice to the Secretary of the Company, by attending the Annual Meeting and giving notice of his or her intention to vote in person or by executing and delivering to the Company a proxy bearing a later date.

Expenses of Solicitation

The Company will bear the entire cost of the solicitation of proxies from its shareholders. Following the mailing of this Proxy Statement and the accompanying proxy card, the directors, officers and employees of the Company may solicit proxies on behalf of the Company in person, by telephone or by other electronic means. The Company may reimburse persons holding shares for others in their names or in those of their nominees for their reasonable expenses in sending proxy material to their principals and obtaining their proxies.

Committees of the Board of Directors

The Board of Directors has established an Audit Committee, a Compensation Committee, and a Nominating and Governance Committee.

The Audit Committee, established in October 1997, has the authority to nominate an independent public accounting firm to serve as the Company's external auditor, to direct, monitor and discuss with such auditors the scope, timing and results of their audit, to implement internal accounting controls and to review the Company's annual financial statements and the auditors' report thereon. The Audit Committee, which had five meetings in 2003, is composed of Ms. Kendall, Mr. O'Brien, Mr. Russ and Mr. Thornton.

The Compensation Committee, established in October 1997, has the authority to determine the cash and non-cash compensation of each officer, salaried employee and consultant of the Company, other than members of the Board of Directors, to establish and administer the Company's insurance and benefits plans and to administer the Company's stock option plans. The Compensation Committee also recommends to the full Board of Directors the cash and non-cash compensation (including stock options and awards) to be paid to each member of the Board of Directors who serves as an officer, employee or consultant of the Company. The Compensation Committee, which had two meetings in 2003, is composed of Ms. Kendall, Mr. O'Brien, Mr. Russ and Mr. Thornton.

The Nominating Committee held two meetings in 2003. In December 2003 the Board of Directors appointed Ms. Kendall, Mr. O'Brien, Mr. Russ and Mr. Thornton to serve as the Nominating Committee and in February 2004 replaced the Nominating Committee with a Nominating and Governance Committee. The Nominating and Governance Committee is responsible for recommending candidates for election to the Board of Directors of the Company, making other recommendations to the Board for the improvement of the Company's overall corporate governance, conflicts of interest and other related policies, principles and guidelines applicable to the Company as well as leading the Board in its annual review of the Board's performance. The Nominating and Governance Committee continues to be composed of the same individuals as elected to the Nominating Committee in December of 2003. Each of the members of the Nominating and Governance Committee is an "independent director" in accordance with the applicable rules promulgated by the SEC and NASDAQ listing standards. The Nominating and Governance Committee has adopted a formal written charter which addresses the director nomination process, a copy of which is available on the Company's website at www.moissanite.com.

The Company Bylaws contain provisions that address the process by which a shareholder may nominate an individual to stand for election to the Board of Directors at the Company's Annual Meeting of Shareholders. These provisions state that nominations for election as a director must be made in writing and be delivered or mailed to the CEO of the Company (i) in the case of an annual meeting that is called for a date that is within 30 days before or after the anniversary date of the immediately preceding annual meeting, not less than 60 days and not more than 90 days prior to the anniversary date of the immediately preceding annual meeting, or (ii) in the case of a special meeting or an annual meeting that is called for a date that is not within 30 days before or after the anniversary date of the immediately preceding annual meeting, not later than the close of business on the tenth day following the day on which notice of meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first. The CEO of the Company will provide the Nominating and Governance Committee with a copy of any such notification received by the Company from a shareholder purporting to nominate a candidate for election as a director.

It is the policy of the Company and the Nominating and Governance Committee to evaluate suggestions concerning possible candidates for election to the Board submitted to the Company, including those submitted by Board members, shareholders and third parties. Criteria used by the Nominating and Governance Committee in its evaluation of all candidates for nomination include: (1) judgment, character, expertise, skills and knowledge useful to the oversight of the Company's business; (2) diversity of viewpoints, backgrounds, experiences and other demographics; (3) business or other relevant experience; and (4) the extent to which the interplay of the candidate's expertise, skills, knowledge and experience with that of the other Board members will build a Board that is effective, collegial and responsive to the needs of the Company.

No fees have been paid to any third party to identify or evaluate or assist in identifying or evaluating potential nominees.

It is the policy of the Company and its Board to encourage free and open communication between shareholders and the Board. Any shareholder wishing to communicate with the Board should send any communication to the Corporate Secretary, Charles & Colvard, Ltd., 3800 Gateway Blvd., Suite 310, Morrisville, North Carolina 27560. Any such communication should be in writing, and should state the number of shares beneficially owned by the stockholder making the communication. The Corporate Secretary will forward such communication to the full Board or to any individual director or directors to whom the communication is directed unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or take appropriate legal action regarding the communication. This policy is not designed to preclude other communications between the Board and shareholders on an informal basis.

Revised Code of Ethics

In February 2004, the Board of Directors authorized the adoption of two new Codes of Ethics, to replace the old Charles & Colvard Code of Business Ethics. One Code of Ethics applies to the Company's chief executive and chief financial officers, while the other applies to all Company employees. Each Code of Ethics is available on the Company's website at www.moissanite.com.

AUDIT COMMITTEE REPORT

The Board of Directors has determined that the members of the Audit Committee are independent, in accordance with applicable rules promulgated by the SEC and NASDAQ listing standards. Each member is able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. The Board of Directors has determined the Ms. Kendall is an "audit committee financial expert" as defined in Section 401(h) of Regulation S-K promulgated by the SEC under the Exchange Act.

The Audit Committee assists the Board in overseeing and monitoring the integrity of the Corporation's accounting and financial reporting process, its compliance with legal and regulatory requirements and the quality of its external and internal audit processes. The role and responsibilities of the Audit Committee are set forth in a written Charter adopted by the Board. The Audit Committee reviews and reassesses the Charter annually and recommends any changes to the Board for approval. As a result of additional requirements being imposed by the Sarbanes-Oxley Act, the Audit Committee recommended that the Board approve a complete amendment and restatement of the Charter. On December 4, 2003, the full Board agreed with the recommendation and adopted the written Amended and Restated Audit Committee Charter attached as Appendix A to this Proxy Statement. The Audit Committee will continue to review and reassess the Charter annually and recommend any changes to the Board for approval.

The Audit Committee is responsible for overseeing the Corporation's overall financial reporting process. In fulfilling its responsibilities for the financial statements for fiscal year 2003, the Audit Committee:

- Reviewed and discussed the audited financial statements for the year ended December 31, 2003 with management and Deloitte & Touche LLP ("D&T"), the Corporation's independent auditors;
- Discussed with D&T the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit; and
- Received written disclosures and the letter from D&T regarding its independence as required by Independence Standards Board Standard No. 1 and discussed with D&T their independence.

The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the Committee determined appropriate.

Based on the Audit Committee's review of the audited financial statements and discussions with management and D&T, the Audit Committee recommended to the Board that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the Securities and Exchange Commission.

Employment Agreements and Other Arrangements

The Company has entered into an employment agreement with Robert S. Thomas, the Company’s President and Chief Executive Officer. Mr. Thomas’ employment agreement, which expires annually on February 28, automatically renews on an annual basis and entitles Mr. Thomas to receive a salary of \$187,200 and to participate in the Company’s incentive compensation plans. If the Company terminates Mr. Thomas’s employment without cause, Mr. Thomas is entitled to receive, for the remaining term of his employment agreement, annual compensation equal to the highest annual compensation (including all cash bonuses and other cash-based benefits) received by him during the immediately preceding three calendar years (the “Termination Consideration”), and the Company will take such action as may be required to vest any unvested benefits under any employee stock-based or other benefit plan. If the Company experiences a change of control and Mr. Thomas voluntarily terminates his employment following a reduction in his responsibilities, pay or position, or if his employment is terminated

following such change in control, the Company is obligated to pay Mr. Thomas a lump sum equal to approximately three times his Termination Consideration and to continue his benefits for a period of two years, and any unvested benefits under any employee benefit plan will immediately vest and become exercisable. Upon the termination of his employment with the Company, Mr. Thomas is prohibited from competing with the Company or attempting to solicit the Company's customers or employees for a period of one year. Mr. Thomas also participates in the Company's annual incentive plan.

The Company has also entered into an employment agreement with James R. Braun, the Company's Vice President-Finance, Chief Financial Officer, Secretary and Treasurer. Mr. Braun's employment agreement, which expires annually on June 3 and automatically renews on an annual basis, entitles Mr. Braun to receive a salary of \$166,400 and to participate in the Company's incentive compensation plans. Mr. Braun has rights substantially the same as those granted to Mr. Thomas in the event his employment is terminated without cause or in the event of a change in control. Upon the termination of his employment with the Company, Mr. Braun is prohibited from competing with the Company or attempting to solicit the Company's customers or employees for a period of one year.

The Company has also entered into an employment agreement with Earl R. Hines, the Company's Vice President of Manufacturing. Mr. Hines' current employment agreement, which expires annually on August 31 and automatically renews on an annual basis, entitles Mr. Hines to receive a base salary of \$163,200 and to participate in the Company's incentive compensation plan. On March 10, 2004, the Board of Directors approved the promotion of Mr. Hines to the position of Senior Vice President of Manufacturing with a base salary of \$180,000 and an additional option grant. Mr. Hines has rights substantially the same as those granted to Mr. Thomas in the event his employment is terminated without cause or in the event of a change in control. Upon the termination of his employment with the Company, Mr. Hines is prohibited from competing with the Company or attempting to solicit the Company's customers or employees for a period of one year.

On July 15, 2002, the Company entered into a salary continuation agreement with Barbara L. Mooty, the Company's Vice President of Brand Identity and Industry Relations. Ms. Mooty's agreement, which expires on January 15, 2004, entitles Ms. Mooty to receive a base salary of \$153,000. In the event she is terminated without cause by the Company within the term of her salary continuation agreement, the Company is obligated to pay her the initial base salary for a period of twelve months following such termination.

The Company has also entered into a salary continuation agreement with Dennis R. Reed, the Company's Vice President of Sales. Mr. Reed's agreement, which expires on April 1, 2004, entitles Mr. Reed to receive a base salary of \$154,500. In the event Mr. Reed is terminated without cause by the Company within the term of his salary continuation agreement the Company is obligated to pay him his initial base salary for a period of twelve months following such termination. Mr. Reed has rights substantially the same as those granted Mr. Thomas in the event of a change in control during the term of his agreement.

The 1996 Stock Option Plan of C3, Inc. provides that, in the event of a change in control of the Company, all stock options granted pursuant to the 1996 Option Plan will immediately vest and become exercisable. The 1997 Omnibus Plan provides that, upon a change of control of the Company (as defined in the 1997 Omnibus Plan), all options and SARs outstanding as of the date of the change of control shall become fully exercisable, any restrictions applicable to any restricted awards shall be deemed to have expired, and restricted awards shall become fully vested and payable to the fullest extent of the original award. In the event of a merger, share exchange, or other business combination affecting the Company in which the Board of Directors or the surviving or acquiring corporation takes actions which, in the opinion of the Compensation Committee, are equitable or appropriate to protect the rights and interests of participants under the plan, the Compensation Committee may determine that any or all awards shall not vest or become exercisable on an accelerated basis.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during 2003 has ever served as an officer or employee of the Company. No interlocking relationships exist between the Company's Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company, nor has any such interlocking relationship existed in the past. Robert S. Thomas, the Company's President and Chief Executive Officer, participated in the process of determining the compensation to be paid to certain other executive officers during 2003. See "Compensation Committee Report". All members of the Board of Directors have purchased and hold securities of the Company. See "Security Ownership of Management and Certain Beneficial Owners."

COMPENSATION COMMITTEE REPORT

This report has been prepared to describe the Company's executive compensation policies and the basis for the compensation earned by the Named Officers, during the year ended December 31, 2003.

General. The Compensation Committee of the Board of Directors was established in October 1997. The Compensation Committee is authorized to review and approve the cash and non-cash compensation of each officer, salaried employee and consultant of the Company, other than members of the Board of Directors, to establish and administer the Company's insurance and benefits plans and to administer the Company's stock option plans. The Compensation Committee also recommends for review and approval by the full Board of Directors the cash and non-cash compensation (including stock options and awards) to be paid to each member of the Board of Directors who serves as an officer, employee or consultant of the Company. The Compensation Committee is composed of Mr. O'Brien, Dr. Russ, Mr. Thornton and Ms. Kendall, each of whom has been determined by the Company to be an "independent director" in accordance with applicable rules promulgated by the SEC and NASDAQ listing standards.

Objectives and Philosophies. The Compensation Committee employs compensation practices designed to (i) attract and retain qualified executives, (ii) align the interests of executives with the long-term interests of the Company's shareholders and (iii) motivate executives to achieve targeted objectives. In furtherance of these goals, base salaries are generally evaluated annually to ensure that executives are compensated at levels that take into account both competitive and performance factors. The Company also relies to a substantial degree on stock options to attract and motivate its executives. Generally, compensation arrangements for executive officers consist of base salary, annual incentive plan, stock option grants and other benefits available to other employees of the Company.

Cash Compensation. The Committee determines the base salary of the chief executive officer and reviews and approves base salaries for the Company's other executive officers annually. In adjusting salaries, the Committee examines both qualitative and quantitative factors relating to corporate and individual performance. The qualitative factors in general involve a subjective assessment by the Committee. The Committee does not base its considerations on any single performance factor, nor does it apply any formulaic relationship between the Company's performance and salary levels. Instead it considers a variety of factors and evaluates individual performance against those factors both in absolute terms and in relation to the competitive market for executives in similar positions. The Committee also relies on the evaluations and recommendations of Mr. Thomas, who has served as President of the Company since 1998, in approving salary adjustments for other executive officers.

Equity Incentives. The Company utilizes stock options granted under the Company's 1997 Omnibus Stock Plan of C3, Inc., which is administered by the Compensation Committee, to align shareholder and management interests by giving executive officers a substantial economic stake in the long-term appreciation of the Company's stock. Since the Company's initial public offering in 1997, all options granted under the plan have been awarded with exercise prices equal to or greater than the market value of the underlying stock on the grant date. Generally, option grants are awarded with a ten-year term and are subject to vesting over three years, except for options issued pursuant to the Company's 2001 Executive Compensation Plan, as amended, which vest immediately. The Company currently has no plans to award additional options under the 1996 Stock Option Plan of C3, Inc.

The Compensation Committee takes into account all factors it deems appropriate in reviewing proposed option grants to executive officers, including the officer's position and level of responsibility, the officer's existing unvested option holdings, the potential reward to the officer if the stock price appreciates and the competitiveness of the officer's overall compensation arrangements, including stock options. Outstanding performance by an individual may also be taken into consideration. Option grants are often made to new executives upon commencement of employment and, on occasion, to executives in connection with a significant change in job responsibility. The Compensation Committee relies on Mr. Thomas's evaluations and recommendations in approving option grants to other executive officers.

Annual Incentive Plan. In February 2003, the Board of Directors adopted the Executive Compensation Plan for 2003. This plan offered key employees of the Company incentive awards in the form of cash payments and/or stock option grants based upon the Company's attainment of certain performance goals. No payments or options were granted under the 2003 plan. In February 2004, the Board of Directors adopted the Executive Compensation Plan for 2004. This plan offers key employees of the Company incentive awards in the form of cash payments and/or stock option grants based upon the Company's attainment of certain performance goals.

Chief Executive Officer Compensation. Mr. Thomas's cash compensation level was established in 1998 in connection with the negotiation of the terms of his employment with the Company. The Committee made an adjustment in Mr. Thomas's salary in May 2003 increasing it from \$180,000 to \$187,200 to more closely match market conditions. Mr. Thomas participates in the Executive Compensation Plan.

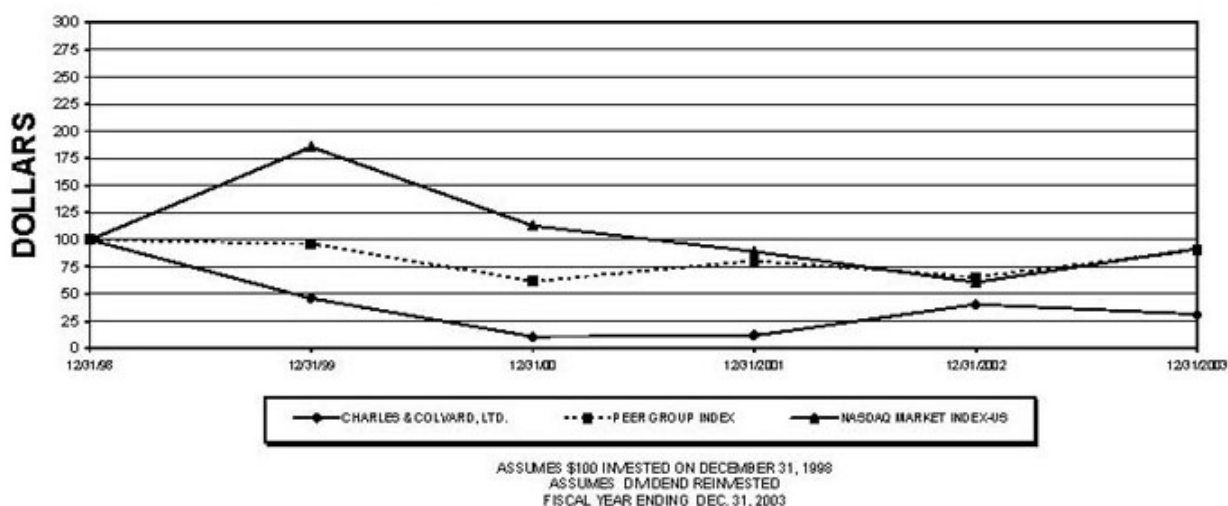

This Report is submitted by the Compensation Committee.

The Company's peer group primarily consists of gemstone, watch or jewelry manufacturers that sell their products to retail jewelers, shopping channels and catalogs. While these companies have been selected on the basis of the similarities between their businesses and the business of the Company, the Company, unlike the members of the peer group, manufactures and sells a patented lab-created jewel that is not currently available from other sources. The Company therefore believes that comparisons between the Company and the peer group may not accurately and reliably reflect the relative performance of the Company.

CERTAIN TRANSACTIONS

In October 2002, the Board of Directors authorized a follow-on stock repurchase program for up to 1,100,000 shares of the Company’s common stock through open market or privately negotiated transactions, at prices at or below prevailing prices. This program expired in September 2003. There were no shares repurchased during 2002 under the follow-on program. In 2003, the Company repurchased 163,300 shares under this program at an average purchase price of \$4.58 per share. Of these shares 100,000 were purchased from an affiliate of Chester L. F. Paulson, a director of the Company from May 2001 through May 2003, at an average price of \$4.58 per share. In December 2003, the Board of Directors authorized a second follow-on repurchase program for up to 900,000 shares of the Company’s common stock. The Company will determine the time and extent of repurchases based on its evaluation of market conditions and other factors. As of December 31, 2003, there were no shares repurchased since the adoption of the second follow-on program.

Fairness of Transactions

The Company believes that all of the transactions listed under the caption “Certain Transactions” were made on terms no less favorable to the Company than could have been obtained in substantially similar transactions with unaffiliated third parties. All agreements entered into between the Company and its officers and directors during 2003 were approved by a majority of the Board. Future transactions between the Company and any officer, director, five percent shareholder or affiliate of the Company will be approved by a majority of the Board of Directors and will be on terms no less favorable to the Company than could be obtained in substantially similar transactions with unaffiliated third parties.

**PROPOSAL 2
APPOINTMENT OF INDEPENDENT AUDITORS**

Audit Fees

The aggregate fees billed the Company during 2003 and 2002 by Deloitte & Touche, LLP for services rendered are set forth in the following table:

<u>Type of Service</u>	<u>Amount of Fee</u>	
	<u>2003</u>	<u>2002</u>
Audit Fees	\$ 100,000	\$93,000
Audit-Related Fees	\$ 0	\$ 0
Tax Services	\$ 23,000	\$24,000
All Other Fees	\$ 0	\$ 0

Tax Services are the preparation of the Company’s Federal and State Tax return as well as certain tax consulting services which in 2003 and 2002 related to the Company’s tax net operating loss carryforward.

Beginning May 6, 2003, the Company was required to obtain prior approval from the Audit Committee for all audit and permissible non-audit related fees incurred with the Company’s independent auditors. On December 6, 2003, the Audit Committee recommended and the Board adopted an Audit Committee Pre-Approval Policy. Pursuant to the Pre-Approval Policy, all new projects (and fees) either must be authorized in advance under the guidelines set forth in the Pre-Approval Policy or approved in advance by the full Audit Committee. Pre-Approval under the Policy is generally provided for up to one year, is limited to certain projects listed in the Policy, and is subject to meeting a specific budget for each project, which budget is contained in the Policy. Any project that falls within the scope of the Policy may be approved by the chairperson of the Audit Committee or his or her designee, while all other projects must be specifically approved by the full Audit Committee. All new projects authorized after May 6, 2003 were approved in advance by the Audit Committee.

The Audit Committee considered the compatibility of the non-audit services performed by and fees paid to Deloitte & Touche, LLP in 2003 and the proposed non-audit services and proposed fees for 2004 and determined that such services and fees were compatible with the independence of the auditors. During 2003, Deloitte & Touche, LLP did not utilize any leased personnel in connection with the audit.

The Board of Directors has appointed Deloitte & Touche LLP as independent auditors of the Company for the year ending December 31, 2004, subject to ratification by the Company's shareholders. Deloitte & Touche LLP has acted as independent auditors of the Company since February 1997. Representatives of Deloitte & Touche LLP who are expected to be present at the Annual Meeting will be given the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

SHAREHOLDER PROPOSALS

Under certain conditions, shareholders may request the Company to include a proposal for action at a forthcoming meeting of the shareholders of the Company in the proxy materials of the Company for such meeting. All shareholder proposals intended to be presented at the 2005 Annual Meeting of the Shareholders of the Company must be received by the Company no later than November 21, 2004 for inclusion in the Proxy Statement and proxy card relating to such meeting. In addition, if a shareholder desires to make a proposal from the floor during the meeting, even if such proposal is not to be included in the Company's proxy statement, the Company's Bylaws provide that the shareholder must give timely written notice of the proposal to the chief executive officer of the Company. Notice will be considered timely if it is mailed or delivered (i) in the case of an annual meeting that is called for a date that is within 30 days before or after the anniversary date of the immediately preceding annual meeting, not less than 60 days and not more than 90 days prior to the anniversary date of the immediately preceding annual meeting, or (ii) in the case of a special meeting or an annual meeting that is called for a date that is not within 30 days before or after the anniversary date of the immediately preceding annual meeting, not later than the close of business on the tenth day following the day on which notice of meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first. If written notice is not timely given, the shareholder proposal will be considered untimely and the Company may exclude the proposal from consideration at the meeting. If the proposal is permitted to be considered at the meeting, the proxies appointed pursuant to the proxy cards will have discretionary authority to vote for or against the proposal even if the proposal was not discussed in the proxy statement. Accordingly, notice of proposals to be brought before the 2005 Annual Meeting of Shareholders must be mailed or delivered no earlier than February 11, 2005 and no later than March 12, 2004 to be considered timely.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Such persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such reports furnished to the Company by such persons and their written representations that such reports accurately reflect all reportable transactions and holdings, the Company believes that during 2003 all such persons filed such reports on a timely basis.

Appendix A
Amended and Restated Audit Committee Charter
AUDIT COMMITTEE CHARTER
OF
CHARLES & COLVARD, LTD.
(as amended and restated and adopted by the Board of Directors on December 4, 2003)
The Purpose of the Audit Committee

The purpose of the Audit Committee is to represent and assist the Board of Directors of Charles & Colvard, Ltd. (the “Company”) in its general oversight of the Company’s accounting and financial reporting processes, audits of the financial statements, and internal control and audit functions. Management is responsible for (a) the preparation, presentation and integrity of the Company’s financial statements; (b) accounting and financial reporting principles; and (c) the Company’s internal controls and procedures designed to promote compliance with accounting standards and applicable laws and regulations. The Company’s independent auditing firm is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

The Audit Committee members are not professional auditors and their functions are not intended to duplicate or to certify the activities of management and the independent auditor, nor can the Committee certify that the independent auditor is “independent” under applicable rules. The Audit Committee serves a board level oversight role where it oversees the relationship with the independent auditor, as set forth in this charter, and provides advice, counsel and general direction, as it deems appropriate, to management, the full board and the auditors on the basis of the information it receives, discussions with the auditor, and the experience of the Committee’s members in business, financial and accounting matters.

Membership

The Audit Committee is comprised of at least three independent directors. All of the Audit Committee members must be determined by the Board of Directors to meet the independence and financial literacy requirements of The Nasdaq Stock Market, Inc. (“Nasdaq”) and applicable federal law. Appointment to the Committee, including the designation of the Chair of the Committee and the designation of any Committee members as “audit committee financial experts” as defined by the SEC, shall be made on an annual basis by the full Board upon recommendation of the Nominating/Corporate Governance Committee and may be removed by the Board of Directors in its discretion. At least one member of the Committee must have, in the judgment of the Board, employment experience in finance or accounting, requisite professional certification in accounting or any other comparable experience or background that results in the individual’s financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities, or otherwise satisfy the applicable Nasdaq experience requirement. In addition, the Company shall use reasonable efforts to appoint at least one Audit Committee member with the requisite accounting or related financial management competency in order to be an “audit committee financial expert” as defined by the SEC, and as determined by the full Board.

Responsibilities

The Audit Committee:

- Is directly responsible for the appointment, compensation, retention and oversight of the work of any “registered public accounting firm” (as defined by the SEC) engaged (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services. Each such registered public accounting firm shall report directly to the Audit Committee.
- Obtains and reviews annually a report by the registered public accounting firm as independent auditor describing (i) the independent auditor’s internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review or peer review or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm; and (iii) any steps taken to deal with any such issues.

- Obtain on an annual basis a formal written statement from the independent auditor delineating all relationships between the independent auditor and the Company consistent with Independence Standards Board Standard No. 1, and review and discuss with the independent auditor all significant relationships the independent auditors have with the Company which may affect the independent auditor's independence. The Audit Committee is responsible for taking, or recommending that the full board take, appropriate action to oversee the independence of the independent auditor.
- Establishes policies and procedures for the review and pre-approval by the Committee of all auditing services and permissible non-audit services (including the fees and terms thereof) to be performed by the independent auditor, with exceptions provided for de minimis amounts under certain circumstances as described by law.
- Reviews and discusses with the independent auditor: (a) its audit plans, and audit procedures, including the scope, fees and timing of the audit and adequacy of the independent auditor's staffing; (b) the results of the annual audit examination and accompanying management letters; and (c) the results of the independent auditor's procedures with respect to interim periods.
- Reviews and discusses reports from the independent auditors on (a) all critical accounting policies and practices used by the Company, (b) alternative accounting treatments within GAAP related to material items that have been discussed with management, including the ramifications of the use of the alternative treatments and the treatment preferred by the independent auditor, and (c) other material written communications between the independent auditor and management.
- Reviews with the independent auditor its judgments as to the quality, not just the acceptability, of the Company's accounting principles and such matters as are required to be discussed with the Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61, such as any difficulties encountered in the course of the audit work, any restrictions on the scope of activities or access to requested information, and any significant disagreements with management.
- Reviews and discusses with management and the independent auditor quarterly earnings press releases, including the interim financial information and business outlook included therein, reviews the Company's quarterly and annual financial statements and related disclosures, including the MD&A portion of the Company's SEC reports, prior to filing with the SEC, and, if deemed appropriate, recommends to the Board of Directors that the annual audited financial statements be approved for inclusion in the Annual Report on Form 10-K for the year.
- Reviews and discusses with management and the independent auditor various topics and events that may have significant financial impact on the Company or that are the subject of discussions between management and the independent auditors.
- Reviews and discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.
- Reviews all related-party transactions and potential conflict of interest situations.
- Reviews and approves policies and procedures regarding officers' and directors' expense accounts and perquisites, including their use of Company assets.
